

PRODUCT DATA SHEET

New Car Prep / N-122

VOC compliant

Features: *New Car Prep* is a safety solvent that is outstanding for the removal of tar, grease, adhesive, bugs, crayon and stubborn stains on paint and upholstery.

Benefits: A user friendly and versatile product that works quickly without damage. Unlike many competitive products *New Car Prep* contains no harmful Xylene, Benzene or Toluene.

Uses: Removal of bugs, tar, grease, adhesive, crayon, upholstery stains and tree sap. Excellent for removal of aged Rap Gard and Rap Gard adhesive residue, from painted surfaces.

Directions: Follow directions on container or visit our web site for specific uses.

Tips: For stubborn tree sap deposits saturate a rag with *New Car Prep* and lay the rag on the sap. Allow to dwell for 15-20 minutes and wipe the sap away!

Sizes: VG-N122 = 6 quarts per case
VG-N122G = 4 gallons per case
VG-N122P = 5 gallon pail
VG-N122D = 55 gallon drum
